Honorable William J. Casey
Director of Central Intelligence
Washington, D. C. 20505

Dear Bill:

Enclosed is an expanded and improved version of my previous paper on the Federal Employee Security Program. I know it's awfully long, but it's a complex and many-sided subject that doesn't lend itself to treatment in 10 or 20 pages.

I hope you find this useful, but in any case I'd be interested in your comments.

With all best wishes,

As ever,

David
